Gov. Cox to Send Message to Legislature Regarding Pensions for Blind

## TO ADJOURN THURSDAY

Until Next Wednesday When Finishing Touches Will Be Made is the Plan Announced Today by Speaker Swain.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Feb. 4.—Amended so that it will become a law in 90 days instead of October 1, as originally drawn, the Green bill providing for mine pay for miners was passed by the lower house of the legislature today. The bill will go back to the Senate for concurrence.

The amendment was offered by Representative Boggs of Belmont county, a coal operator and supported on the floor of the house by Representative Tetlow of Columbiana, a miner.

The amendment, it was explained, will do away with the necessity of an agreement between the miners and operators, covering the period from April 1st, to October 1st. The present scale expires April 1st. Without the amendment it was explained that the change in the system of paying for mining coal might result in an idleness of mines next fall. The bill as amended was passed 102 to 8.

It was reported that some of the operators were in favor of the Boggs amendment because they wanted the run of mine system to become effective at once so that they could test the law in the courts.

Representative Clark of Hamilton, offered an amendment which would provide for run of mine pay unless the operators and miners agree to another plan. This amendment was killed.

The House at the forenoon session also passed a bill by Senator Hudson which was for standardizing of public schools. According to the public schools. According to the bill all who hold a diploma from a first grade high school may be admitted to any state college without examination. It also provides that all school buildings hereafter erected must have at least one acre of ground for play.

The bill by Representatives Hastings of Noble county, together with an emergency clause, authorizing counsel and county commissioners to borrow and expend money to remedy damage done by the flood last March also was passed. A bill authorizing the county commissioners of Paulding county to reimburse

## Auditor Replies to Fault-finding Over City Tax Collection

Attempts to discredit the motive of the county officials with respect to the sale of property involved in Newark city special assessment delinquents, are futile. Such was the substance of the statement of County Auditor J. W. Hursey, in commenting on the remarks made by Councilman Knauber on the verbal report to the city council on this subject by City Solicitor Ralph Norpell.

It appears that the council is endeavoring to urge the county to expend its funds in an effort to enforce collections on delinquent special assessments for improvements in Newark. The fact that such special assessment delinquents were not advertised by Auditor Hursey was the object of comment and fault-finding in Monday night's council meeting.

"I have no disposition to proceed with the sale of property of citizens when such a sale would be illegal," said Auditor Hursey, Wednesday.

"There are three reasons why I have not advertised special assessment delinquents as a process in the sale of property involved. One is that no such special assessment delinquents are specified on the grand duplicate. They have not been certified to the county auditor as special assessment delinquents. The other reason is that from the date City Solicitor Norpell notified me there were any special assessment delinquents, with the limited force in my office I would not have had time to compile the list for advertisement at the date prescribed by law. Some time later Councilman Knauber handed me a typewritten memorandum, unsigned, which purported to be a copy of council's resolution urging the sale of delinquent property. That was presented to me on January 23, and had I had such a list of delinquents ready for publication that day it could not have been advertised the required two weeks, because the legal time was up just thirteen days later.

"I sought authority for my action. State Examiner Sage informed me it was not my duty to publish such

township trustees for money spent in flood repair work was passed, and similar action was taken on a bill to permit catching carp in the vicinity of Lake Erie with seines.

Three times today the Democratic majority in the senate withstood attempts to weaken the Lowry rural school supervision bill by amendment seeking to let counties decide whether they would have supervision or not, and to substitute the Waygand bill eliminating county supervision. The bill finally was passed by a vote of 23 to 8. Six Republicans and two Democrats voted against it.

It already has passed the house, and as soon as the house has concurred in a few minor amendments it will be ready for the governor's signature. It is the first measure of prime importance in the administration legislative program for the special session, to pass successfully through both houses without essential amendment. The senate planned this afternoon (Continued on Page 10, Col. 3.)

special assessment delinquents when they were not on the grand duplicate. "It is true the general tax delinquents are certified to me by the treasurer, but I have no information as to which of these delinquents are for special assessments unless they are so certified to me. I might say that the only instance of 'cold feet,' as alleged by Knauber, is for the sake of keeping within the law and protecting the rights of the taxpayers at large."

County Treasurer Rutledge declared Wednesday the county treasurer has nothing whatever to do with the advertising of delinquents. This authority he gets in a decision from the county prosecutor, he declared.

"So far as special assessment delinquents are concerned, I am sure the county has no right to spend the county's money in trying to collect debts for the city. Let the city collect its own debts. I do not believe the money of taxpayers from the rural townships should be invested in suits to collect on special assessments for improvements in Newark."

"I have repeatedly notified the city that if it desires the county to collect these special assessments and enforce collections on delinquents, the city will have to put up bond or funds to cover the costs of such actions. "If the list of special assessment delinquents were published, I have been told, there would be filed almost immediately one or more injunction suits to restrain the county from spending money in such a way."

Action of a former council is cited, in which a member was instructed by resolution to proceed with legal action to collect delinquent special assessments, thus, it is claimed, showing that the city then recognized the collection of such assessments as a duty strictly its own. It is asserted the law provides that on September 1, of each year, the city clerk shall file with the county auditor a duplicate of all special assessments. This, the county treasurer says, never has been done.

## BRIDE OF 13 HAS APPLIED FOR DIVORCE

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, Feb. 4.—Mrs. Dovey May Campbell, a girl 13 years of age and a bride of four days, filed suit today in Common Pleas court, through her stepfather, George Cress, to have her marriage last Saturday to Joseph Campbell, aged 22, a music composer, annulled.

According to the petition the girl represented herself as 18 years old when the license was obtained, and further that she was married without the knowledge or consent of her parents. The girl came to Cincinnati with her stepfather two months ago from Dayton, O.

## CASSIDY AND WILLETT GET PRISON TERM

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 4.—Joseph Cassidy, former Democratic leader of Queens county and William Willett, a former congressman, were sentenced today to serve not more than a year or less than six months in Sing Sing prison and to pay \$1,000 fine.

Louis T. Walker, a politician, was sentenced to three months and fined \$1,000. Willett was convicted of paying a bribe to Cassidy for a supreme court nomination. Walker was the go-between.

## U.S. TROOPS TO REMAIN ON BORDER

Duties of the Soldiers Will be Lessened by the Lifting of Embargo

## ALL OFFICERS NOTIFIED

Of the Proclamation of President Wilson—Constitutionalists Will Have No Trouble Now in Securing Arms.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 4.—No orders for the withdrawal of United States troops from the border will be issued by the war department unless recommendations are made by Brigadier-General Bliss in command there.

Secretary Garrison said today that while he supposed the duties of troops would be considerably lessened by the lifting of the embargo, he could not say positively that fewer soldiers would be needed.

The right to ship arms and ammunition across the American boundary into Mexico through the regular channels of commerce today was extended to both the forces of the Huerta government and the constitutionalists—a situation unprecedented since the first outbreak of internal hostilities in that republic in November, 1910.

Instructions went forth to customs agents of the American government along the border as well as to the army officers in charge of the border patrol, notifying them of the proclamation by President Wilson raising the embargo on arms.

The status of the arms question is unlike any situation that has hitherto existed through its operation will resemble more closely than anything else the state of affairs existing before the joint resolution of congress of March 14, 1912, was put into effect. Whereas the United States at that time permitted consignments of arms to pass through at those customs houses held by the regularly constituted government, it allowed no shipments through other ports of entry, even though occupied for months by revolutionary forces.

The constitutionalists hold most of the customs houses on the Mexican side of the international line. The federalists still occupy such points as Nuevo Laredo and the Piedras Negras, but the constitutionalists now can ship arms without molestation through Brownsville, Texas, to Matamoros, from El Paso to Juarez, as well as at such important points as Douglas, and Nogales.

President Wilson's proclamation will not affect prosecution of persons indicted for violation of former President Taft's order. Attorney General McReynolds decided today that where federal grand juries have returned indictments for violation of the Taft proclamation and the neutrality laws, the case shall be prosecuted. Where arrests have been made but no indictments found to date, further action is not contemplated.

Chief Bielaski of the department's bureau of investigation today telegraphed to his agents along the Mexican border to make no more arrests for exportation of arms. They will remain on guard, however, to prevent other violations of the neutrality laws not affected by President Wilson's proclamation.

## ORDERED THE EXECUTION OF 3 AMERICANS

(ASSOCIATED PRESS TELEGRAM)  
San Diego, Cal., Feb. 4.—Allegation was made today by the authorities of Imperial county that payers were found on Mesa de Salinas, formerly judge of the first instance in Mexcala, Mexico, which showed that he had ordered the execution of the three American citizens who were shot there January 1, of this year. These documents it is said, explain the killing of W. Sanchez and F. Valdez, and the wounding of A. F. Lopez, who was left for dead and crawled across the border, bringing word of the alleged only to the American officer on this side of the line.

According to county officials a letter was found in Salinas possession, written in Spanish and cipher reports to President Huerta at the City of Mexico, giving details of the

Mrs. Cullop is just about the plumpest woman in the Congressional set and the most independent. Her eyes breathe fire and her voice speaks thunder when she feels her rights are trampled upon. She is the real working engine of the Congressional conduct of the old Vincennes district of Indiana. She is the president of the "Woman's National Democratic League, a fighter in the patriotic cause of the Daughters of the American Revolution, and of that body she is active in the Continental Memorial Committee and a vice regent of the Hoosiers. Up in the front row of the members family gallery in the House of Representatives chamber most any day visitors can see Mrs. Cullop sitting there, watching the proceedings, with one eye focused on her sonorous husband whose roaring voice breaks out over the melody of legislative sound with distinctiveness that bars any mistake. Mrs. Cullop is one of the busiest of women.

## Convention of Miners Adjourns; Half Holiday and Increase Demanded

(ASSOCIATED PRESS TELEGRAM)  
Indianapolis, Ind., Feb. 4.—International officers of the United Mine Workers of America which closed its twenty-fourth convention here last night were busy today shaping their affairs in preparation to attend the joint conference of miners and operators at Philadelphia next Tuesday, when negotiations for a new wage contract would be started. The new scale will replace the agreement now in effect in the central competitive field, comprising Illinois, Ohio, Indiana and western Pennsylvania, and which expires April 1, next.

Before adjournment the miners adopted a recommendation of President John P. White, that there be no

suspension of work at the mines in case the conferees should fail to reach an agreement by April 1. President White proposed that, if it were found impossible to reach an agreement and negotiations were broken off, the miners should go on strike and not merely suspend work. He declared suspensions had outlived their usefulness in the organized districts and only aided the non-union miners.

The demands, which will be submitted to the operators, include an increase of five cents on the ton on a mine run basis, ten per cent. increase for all inside and outside day labor about the mines, a half holiday on Saturdays and the referring of all local inequalities and internal differences to the various districts affected for settlement.

## FIVE DEAD IN HOTEL FIRE AT BEMIDJI

(ASSOCIATED PRESS TELEGRAM)  
Bemidji, Minn., Feb. 4.—Five men are known to be dead, several are missing and thirteen were seriously injured as the result of a fire which destroyed a three-story frame hotel at Kelliher, forty miles north of here today.

The fire started from the furnace. It was discovered by two men passing who gave the alarm. The flames had then reached the second floor. Nearly all of those who escaped did so by jumping from the windows. The temperature was 17 degrees below zero. The property loss was about \$75,000.

## PAID \$125,000 FOR "WOODY LANDSCAPE"

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 4.—"Woody landscape", a masterpiece by Hobbs, which brought the record price for a painting by that master in the sale of the H. M. W. Oppenheim collection in London last summer, has passed into the hands of an American collector for more than \$125,000.

The buyer, it is learned, is a Chicago collector but the New York firm which bought the picture at the Oppenheim sale, declined to give his name.

## REBELS ATTACK PALACE

In Peruvian Capital and Take President of the Republic Prisoner

## REVOLUTIONARY LEADER

Takes Possession of the Palace and Will Probably Organize New Government at Once—Minister of War Killed.

(ASSOCIATED PRESS TELEGRAM)  
Lima, Peru, Feb. 4.—The president of the public of Peru, Guillermo Billinghurst was taken prisoner today by military revolutionists.

The rebels suddenly attacked the presidential palace this morning under the leadership of Col. Benavides, General Enrique Variela, premier and minister of war, was killed in the sharp fight which ensued.

Dr. Augusto Durand, a former revolutionary leader whose arrest was sought by the police yesterday took possession of the palace. It is generally believed that he will at once organize a new government.

The attack of the palace began at half past four in the morning. Thousands of inhabitants of Lima dashed into the streets alarmed at the firing. Squads of soldiers were ordered to fire volleys into the air in order to prevent the formation of crowds in the streets and by this method they kept the panic stricken people moving from place to place.

In the vicinity of San Pedro Church a civilian bystander was killed by a bullet.

Great alarm prevails throughout the city. Banks and stores were closed and private houses barricaded. The street cars, however, began running before noon.

Peru's sudden revolutionary trouble is due principally to President Billinghurst's efforts to place the finances of his country on a sound basis.

President Billinghurst is the son of an Englishman but was born in Peru. His mother was a Peruvian. He is about 55 years old. Young Billinghurst was educated in Peruvian schools and was a brilliant scholar. He wrote several books in his early manhood. He took an active part in the war between Peru and Chile and later became mayor of Lima, the capital. He became president in September, 1912. Dr. Augusto Durand, who today seized the government, has led several revolutions in Peru.

President Billinghurst was later taken from the rebels as a prisoner to Callao from which port he will be sent into exile in a foreign country.

## Suffragette "Arson Squads" Caused Three Destructive Fires Early This Morning

(ASSOCIATED PRESS TELEGRAM)  
Glasgow, Scotland, Feb. 4.—Three destructive fires, the work of suffragette "arson squads" caused heavy damage today in the neighborhood of Perthshire Village of Comrie, famous for its druidical and Roman ruins.

The first fire was discovered in a drawing room of Aberuchill castle. Servants awakened by the thick smoke, extinguished the blaze after a number of pictures and some ancient furniture had been destroyed.

Shortly afterward another magnificent mansion, "The House of Ross" which was temporarily unoccupied, was found to be on fire.

The flames had secured a strong hold before they were discovered and the house was consumed with all its content.

Plenty of evidence was found in the vicinity of Aberuchill castle to indicate that the fires were the work of suffragettes.

A third case of arson occurred in Perthshire later in the day when Saint Fillians, a fine mansion was destroyed. The house was the property of Stirling Boyd, whose wife was formerly president and now vice president of the anti-suffragette league of Edinburgh.

In all of the men were appointed under the previous Democratic administration and claimed protection under the civil service law. They threatened action against the new men from returning to the new locks were placed on all the doors of the offices in this department. The new men are sleeping at headquarters and are prepared to use force in repelling their predecessors.

## Full Page Announcement of Booklovers' Contest Appears in This Paper

After you look over this short announcement turn to page 7 of this newspaper and read some of the splendid prizes that will be awarded to the winners of the Advocate Booklovers' contest which is about to start.

Once you have looked over the list, nothing will keep you from trying for these prizes for every one of them is worth while and there are so many of them that you will say to yourself, "I'll get busy just as soon as the first picture appears."

You will not have to wait much longer for the start of the contest. When it does start, here are a few hints that will help in capturing a share of the big prizes in this profitable pastime. For example:

Don't bother to send in your name to be enrolled as a contestant. No enrolling is necessary. Simply clip out the coupons, comply with the rules, and—as the boys say—GO TO IT.

There will be seventy prize pictures, all told. Cut them out from day to day. Fit a title to each of them. Find out the author's name and write that in. Add your own name and address.

BUT DON'T SEND IN ANY ONE OF THEM UNTIL THE CONTEST IS OVER.

Contestants need not even be subscribers in order to stand a winning chance. Subscribers, of course, are sure of getting their papers regularly, and therefore are certain of getting all the coupons as they appear. But we will even take care of this detail for non-subscribers, in a way that will be fully explained later on.

The only absolute requirement is that a COMPLETE set of coupons be submitted, properly filled out, at the close of the contest. For that reason, be careful not to overlook even one coupon when you send the lot in.

Although you are not required to use the Finding List or Contest Catalog, will prove very helpful in going after the prizes in this Booklovers' Contest.

It contains among its five thousand and indexed titles of books and names of authors, everyone of the names included in the contest pictures. Thus you can be sure the title you choose is WRONG if it is not in that catalog. If it is there, you can feel reasonably confident that it is right.

These Advocate Finding Lists are not yet ready for distribution. The work is in progress and as soon as the books are printed notice will be published in this paper.

The contest is nearly ready to open. Watch for the news of its start.

See if it doesn't make YOU easier to get the pictures and solve them. Just watch the paper.

Read the rules. Get coupons and THINK.

The complete rules of the contest appeared in yesterday's Advocate but the essential facts are reproduced in the full page announcement in this issue. Read it carefully. Look over that list of over \$2,000 worth of 100 prizes. Watch for further announcements.

## Peculiar After Effects of Grip This Year

### Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these dangerous ailments often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c and \$1.00. For sale at all druggists. Be sure to mention this paper.

## DOES NOT OPPOSE ANNUAL VACATION FOR PATROLMEN

Councilman Knauber states that he is not opposed to the regular two weeks vacation which city ordinances already give the patrolmen. He opposed the proposition to give them an extra day a month which he said would amount to 12 days a year, making 26 days of vacation a year for the patrolmen. Those supporting the ordinance called his attention to the fact that the patrolmen were on duty every day in the month and were subject to call to duty day or night.

## HARTFORD SELLS BOND ISSUE TO A TOLEDO FIRM

The village of Hartford yesterday sold to the Spitzer-Rorick Company, bond buyers of Toledo, \$15,500 worth of refunding bonds. The successful bidders offered a premium of \$210 for the issue together with accrued interest. There were five other bidders. The bids were opened at noon Tuesday.

## The Greatest Modern Educator Of Children----

### Mme. Montessori

on her recent tour of America included Battle Creek, the great Pure Food Center, in her itinerary. Speaking of diet for children, she makes the following statement (in the Chicago Daily Journal of Dec. 31, 1913):

"Coffee and tea should never be placed within reach of a childish hand."

Besides being an educator, Madame Montessori is a physician, and bases this advice on her scientific knowledge that an ordinary cup of coffee contains about 2½ grains of caffeine—a poisonous drug (also found in tea).

In these days of liberal education the average American parent is becoming informed concerning the baneful effects of tea and coffee drinking, not only on the youth, but on those further along in life.

How much better to place before the children (and older ones, too) a wholesome, nutritious pure food-drink, such as

## Gems In Verse

### ABRAHAM LINCOLN.

(Tom Taylor, English dramatist and artist, was born at Sandelton, England, in 1817 and died at Wandsworth, London, July 12, 1890. He studied at Glasgow university and at Trinity college, Cambridge, England; was professor of English at University college, London; was called to the bar in 1848. In 1854 was appointed secretary of the board of health and was editor of Punch from 1874 to 1880. He wrote or adapted about 100 plays, among which was "Our American Cousin," the play which Abraham Lincoln was witnessing the performance of in Ford's theater, Washington, April 14, 1865, when he was shot. Abraham Lincoln was born in Hardin county, Ky., Feb. 12, 1809, and died at Washington April 15, 1865. This tribute first appeared in London Punch, which up to that time had by word and picture tried to cast ridicule on Lincoln.)

YOU lay a wreath on murdered Lincoln's bier,  
You who with mocking pencil  
Went to trace  
Broad for the self complacent  
British sneer.

His length of shambling limb, his furrowed face,  
His gaunt, gnarled hands, his unkempt,  
gristling hair,  
His garb uncouth, his bearing ill at ease,  
His lack of all we prize as debonaire,  
Of power or will to shine, of art to please;

You whose smart pen backed up the pencil's laugh,  
Judging each step as though the way  
were plain,  
Reckless, so it could point its paragraph  
Of chief's perplexity or people's pain;

Beside this corpse that bears for winding sheet  
The stars and stripes he lived to rear  
anew,  
Between the mourners at his head and feet,  
Say, scurrile jester, is there room for you?

Yes, he had lived to shame me from my sneer,  
To lame my pencil and confute my pen,  
To make me own this hind, of princes peer,  
This rail splitter, a true-born king of men.

My shallow judgment I had learned to  
Nothing how to occasion's height he rose;  
How his quaint wit made home truth seem  
more true;

How, iron-like, his temper grew by blows,  
How humble, yet how hopeful, he could be;  
How in good fortune and in ill the same,  
Nor bitter in success, nor boastful he.

Thirsty for gold, nor feverish for fame,  
He went about his work—such work as few  
Ever had laid on head and heart and hand—  
As one who knows where there's a task  
to do.

Man's honest will must heaven's good  
grace command,  
Who trusts the strength will with the burden  
den swayed,  
That God makes instruments to work his will.

If but that will we can arrive to know,  
Nor tamper with the weights of good and ill.  
So he went forth to battle on the side  
That he felt clear was liberty's and right's,  
As in his peasant boyhood he had piled  
His warfare with rude Nature's thwarting might;

The uncleared forest, the unbroken soil,  
The iron bark that turns the lumberer's ax,  
The rapid that o'erbears the boatman's toll,  
The prairie hiding the massed wanderer's tracks,

The ambushed Indian and the prowling  
bear,  
Such were the deeds that helped his youth  
to train;  
Rough culture, but such trees large fruit  
may bear  
If but their stocks be of right girth and grain.

So he grew up, a destined word to do,  
And lived to do it; four long suffering years  
Ill fate, ill feeling, ill report, lived through,  
And then he heard the hisses change to cheers,

The taunts to tribute, the abuse to praise,  
And took both with the same unwavering mood.  
Till, as he came on light from darkling days  
And seemed to touch the goal from where he stood.

A felon hand between the goal and him  
Reached from behind his back, a trigger prest,  
And those perplexed and patient eyes were dim,  
Those gaunt, long laboring limbs were laid to rest!

The words of mercy were upon his lips,  
Forgiveness in his heart and on his pen,  
When this vile murderer brought swift  
clipses  
To thoughts of peace on earth, good will to men.

The old world and the new, from sea to sea,  
Ute one voice of sympathy and shame;  
O'er heart, so stopped, when it at last beat high;  
Sad life cut short just as its triumph came!

A deed accused! Strokes have been struck before  
By the assassin's hand, whereof men doubt  
If more of horror or disgrace they bore,  
But thy foul crime, like Cain's, stands darkly out.

Vile hand that brandished murder in a strife,  
Whatever its grounds, stoutly and nobly stiven,  
And with the martyr's crown crowned st  
clipses  
With much to praise, little to be forgiven.

—Tom Taylor.

### THE SINGING.

LAST night I sang with careless heart,  
Indifferent as a should hear my song,  
And mocking I took the gold  
Flung by the drifting throng.

TONIGHT I crossed the little square  
A glory flared the bitter street,  
I sang for love and singing's sake—  
And the glad lay at my feet.

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

## VIOLATED MAYOR'S CONFIDENCE; GETS SENTENCE TO WORKS

John Bennett appeared before Mayor Bigbee in police court Wednesday morning on a drunk charge. He was released Monday by the mayor who suspended his sentence on condition that he leave the city. Bennett claimed that the mayor did not stipulate that he should remain away from Newark. He declared that he did leave town but that he had returned. Mayor Bigbee assessed a fine of \$25 and costs and was ordered committed to the workhouse. He will be taken to Columbus Thursday. Newark already has seven representatives in the Columbus institution and Bennett will make the eighth to be sent to the works in the past three weeks.

### MOTHER! GIVE CROSS, SICK CHILD ONLY "CALIFORNIA SYRUP OF FIGS"

If feeble, feverish, constipated, bilious or tongue coated give "fruit laxative" at once.

No matter what ails your child a laxative should be the first treatment given.

Look at the tongue, mother! If coated, it is a sure sign your "little one's" stomach, liver and bowels need a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in just a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again.

Sick children need to be coaxed to take this harmless fruit laxative. Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

### "The Thief."

An unusual incident occurred recently in San Antonio, Texas, when "The Thief" which will be seen at the Auditorium on Saturday, matinee and night, with Miss Janet Allen in the leading role, was being played in that city.

Rabbi Samuel Marks of the Temple De Hirsion witnessed the performance and at the conclusion of the third act asked permission to go on the stage and meet Miss Allen and congratulate her and the entire company. "Such histrionic gifts," said he, "are instruments of the greatest good. One who has seen your portrayal of 'The Thief' goes away with a sermon in his heart that he will not forget." Sale of seats starts Thursday.

### "Quo Vadis" at Orpheum.

Among the host of interesting characters in George Kleins' marvelous photo drama "Quo Vadis" which comes to the Orpheum Theater on February 15th, 1914, for an engagement of one day with matinees, none is more enjoyed and respected by the audiences than Sig. Castellani as Ursus, the giant slave so thoroughly devoted to his mistress Lygia. He completely realizes in his appearance, height and muscular power, all that our mind pictures of the physical giant who could uplift trees and even tear a huge bull asunder. Castellani was not an actor until he posed for this photo-drama.

When the Cines stage directors passed the play, they found no difficulty in securing great actors for the various characters of the story until they came to Ursus. There they were blocked. In all the dramatic profession of France and Italy there was not a man who could anyway approach the realization of Sienkiewicz's modest hero. They were about to give up in despair when one of the directors happened to run across Castellani who was earning a living as a wrestler and had jumped suddenly into prominence by throwing two of the largest and most powerful Kings of the mat in Sicily. In fact, it developed that he had a reputation all over Southern Europe as an herculean athlete.

The Cines Company made Castellani a flattering offer for his services for one year and put him under the direction of a competent stage manager for six months. In the photo-drama his performance looms up prominently and he wins as much by his simplicity and naturalness as they for the complexity of their art.

This instance only serves to emphasize the amount of attention to detail, and wonderful care the Cines Company displayed in making "Quo Vadis" which is well deservedly called the premiere photo drama of the world.

### RESISTANCE TO DISEASE

Why is it that one person can work all day standing in cold water, slush and snow with no harmful effect, while another with less exposure contracts colds, pneumonia, rheumatism, sciatica or something equally distressing and dangerous?

Because in the first case the body was in such perfect balance that there was "resistance" to disease. In the second there was lack of tone that invited ill health.

Keep your system toned up with Dr. Williams' Pink Pills and foods that once distressed you will be harmless, exposure will bring no fears of rheumatism and neuritis and even germ diseases need hardly to be dreaded.

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of face and lips that are the results of thin, impure blood.

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuritis, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.

Send to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a free booklet, "Building Up the Blood."

### His Modest Request.

A man once asked Thackeray to lend him 5 shillings, which he would convert into £20,000. Asked how, he explained that he knew a young woman with £20,000 who he knew would marry him if he asked her, but he had pawned his teeth and wanted 5 shillings to redeem them in order to propose effectively.

## Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

# Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

YOU CAN BUY TUXEDO EVERYWHERE.

## CONDITION OF THE DEAD AND ORDER OF RESURRECTION

At the funeral of Mrs. Carrie B. Miller of Western avenue, Rev. F. H. Henderson of Zanesville spoke of the condition of the dead and the order of the resurrection from the dead. He said:

There is a statement in the Bible which has never been denied by higher critics: "It is appointed unto men once to die." Satan sought to obscure this truth by saying to the woman, "Thou shalt not surely die," and from that contradiction made by Satan many speculations have arisen in the minds of men concerning the state of the dead.

Rev. Mr. Henderson said in substance: "The Bible plainly declares not only that all must die but that the dead know not anything and have no more a portion forever in any thing that is done here on earth. Death, though a dreamless sleep, will be as nothing to the dead. To them it will be like closing their eyes in death, to open them the next instant in the immortal life which Christ gives them at the resurrection day. All will be awakened out of their sleep at the voice of the Son of God. 'The dead in Christ shall rise first.' That will be the first resurrection. These will not be hurt of the second death. It can have no power over them, they will live with Christ after all sin is destroyed. Sinners will be destroyed by their own sins, and be as though they had not been. They have wasted life and are blotted out of existence. We are told plainly in the Bible all about death, all about the resurrection from the dead, all about the fate of those who reject salvation, all about the joy of the saved and the restoration of this earth to its Eden beauty, to be the home of the saved, all about the Golden City coming down to rest on the New Earth to become the center of its delight.

"In the scripture some, yes, many, beautiful truths are made clear concerning the little children who sleep in death and are awakened on that glad morning of the resurrection. How the angels will gather the babes and children and place them in their mothers' arms, and the angels will gather together the elect from the dust of earth and waste of sea and

bring friend to friend and they shall know each other and joy will be complete.

How can God do this? God has all power over all the things He has made. He calls to the heavens and to the sea and the elements and they obey Him. He has mastery over His own, and in His infinite love will give unutterable joy to His people when they are safely gathered home from pain and sorrow and death below to that place he prepares for them in the eternal life beyond. Why do we need to ask questions concerning what God has made so plain in the Scripture. If we study His word prayerfully all these beautiful truths will be made clear to our minds. We shall find in that glad day, we shall know as we are known and see our glorious King face to face."

## HOW TO GAIN HEALTHY FLESH

W. A. Erman Advises Use of Samose

While thinness may not be disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attached. This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. W. A. Erman believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers and to induce them to use it, he offers to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of his faith in it. He has seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

In the last year 41,620 books were published in Japan, while Germany, the most bookish of European nations, had only 31,281 volumes to her credit.

### Saving the Radium.

Probably most people will feel coal lands should originally have been saved by the government as common property. Coal could thus have been delivered to the consumer for the cost of mining and transportation. A heavy tax on industry and household comfort would have been saved.

Today the scientific world is exploring with increasing wonder the marvelous properties of the new element, radium. Confident predictions are made as to its efficacy for cancer and other diseases. An amount of this element valued at \$100,000 is now planted in the flesh of a congressman who is suffering from a malignant growth.

This element exists in infinitesimal amounts, with only two grams known now to exist in the United States. Yet it is contained in our ores quite as much as in Europe. In Austria the government has bought out the mines containing the new force, and will conduct them in a way to assure public participation in its benefits.

The atoms composing radium seem to undergo a certain form of regular explosions, which liberate energy. It is said that an ounce of radium could keep up this activity 1760 years, and only half its weight would be dissipated.

Scientists say that the springs at the English city of Bath, supposed to be good for bilious, nervous and scrofulous complaints, contain radium. These waters have been visited by the suffering for 2000 years, and perhaps the presence of radium is a large element in their power. After drinking a glass of Bath water, a man shows the mysterious effect of radium by measurement of an electroscope. Plant buds exposed to radium emanations for a day or two can be made to sprout in the fall.

Who can foresee the marvelous range of this power? How carefully every trace of it should be saved from manipulation from speculators!

### Militia in Bad Condition.

Gen. A. L. Mills, chief of the militia division of the War Department, gives the militia organization of the country a severe going-over in his annual report just issued. He says it is top-heavy, ill trained, and inefficient.

Patriotism may be an element in persuading young men to ally themselves with the National Guard. But probably the real impelling force is in social reasons and the chances of pleasant outings while on tours of duty. When the encampments are made working affairs, with some approach to the conditions of real warfare, the incentive to become a militiaman is greatly reduced.

To get good work in any line you have to pay the price. Mechanics and business men are not going to drop their regular occupations and run off to 10 to 20 pounds of flesh in exhausting hikes, merely for a few brass buttons and the fun of the annual camp.

### Feb. 4 in American History.

1789—Presidential electors chose president and vice president the first time, naming George Washington and John Adams. The electors were virtually unopposed.

1802—Birth at Stockbridge, Mass., of Professor Mark Hopkins, noted educator; died 1887.

1912—The hull of the wrecked battleship Maine was floated in Havana harbor.

### ASTRONOMICAL EVENTS.

Evening stars: Mars, Saturn. Morning stars: Venus, Jupiter. The first magnitude star, Capella, might be mistaken for Saturn, but is high up near Beta, whereas the planet is midway of the horizon throughout the evening.

### On Second Thought

The moving picture theatre not only is educational and instructive, but it has greatly cheapened the price of being a sport.

Most of the brave men and practically all of the heroes were invented.

When a man hits a target with a revolver, that is luck, not marksmanship.

Opinions vary. Charlie Sessions says matching a half worn coat with a new pair of trousers is the most difficult performance. Zeb Hopkins says keeping the dandruff off a velvet collar is the most difficult.

If a woman has no rich relatives she invents some.

The average man of seventy looks twenty years older than the average man of sixty. When a man begins to fail he fails fast.

Formerly men got their political inspiration from campaign orators. Nowadays they get it from an equally unreliable source, the newspapers.

Eph Wiler admits he is less a stickler for the conventionalities than some. But he holds that no drunken gentleman should appear in public with a sober lady.

The self-starting automobile has greatly minimized the danger and annoyance of gallantry toward the ladies.

Mr. Granges—"I wonder what would happen if people should advise every time they had their tempers. Mr. Granges—"They wouldn't be much else in the newspapers."

Good intentions are all right in their way, but many an alarm clock refuses to go off.

### The Cave of Gloom.

James Bonehead runs the ginseng store. His brow with gloom is clouded over. He used to have a decent trade, but now it's fallen and decayed. He blames his troubles on his clerks. "They are a set of idle shirks," he often says, "and that's no dream; not one of them has any steam. When I go into other stores and see the clerks skip around the floors, with vim in every move they make, I feel as though my heart would break. Why am I doomed to have employed cheap shirks whose heads are but a void? If I had bright and active clerks you'd see my blamed old ginseng works get back the trade that once it had, and take in buck and bone and seed." James Bonehead soon might cease to fret if he would an example set; if he would, lump around his shack, and smile clear round his face and back, and look and act as though he thought the world a pretty decent spot, he'd find his clerks would do the same; they'd always play the boss's game. No man with wormwood in his chest can from his hirelings get their best.

## SHE DARKENED HER GRAY HAIR

### A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process.

She Tells How She Did It.

A well known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray and faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound, and 1-4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently, then every two weeks. This mixture relieves scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. If it will make a gray haired person look 10 to 20 years younger."

## AN OLD RECIPE TO DARKEN HAIR

Common Garden Sage and Sulphur Makes Streaked, Faded or Gray Hair Dark and Glossy At Once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

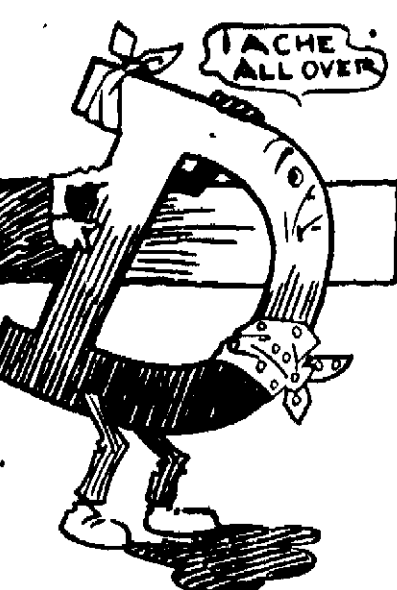

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. ## Silent and Superstitious.

Humble as the cockle is, it gives employment to several hundred men, women and children on the coast of Lancashire, England, and seems to have bred in them silence and superstition. Several villages depend upon the cockle as an industrial mainstay. The cockles are humble folk and among strangers exceedingly shy and taciturn, as well becomes their lonely vocation. They inhabit stone cottages near the rising marramgrass, and hents. They subsist on the coarsest fare, and, while at all times their living is precarious, they suffer periodic hardships through destructive high tides, shifting channels and the break up or altered position of the skeers. These tollers are often seen in twos and threes far apart, not a word escaping the lips of those who work together. They are superstitious enough to believe that disputes among themselves over the skeers would be overheard and resented by the imbedded cockles, in which case those sensitive shellfish would perform quit by the next tide. ## Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Feb. 4.—[Special.]—If southern congressmen should agree among themselves to support a bill granting pensions to Confederate veterans who are no longer able to support themselves there is a possibility that it might pass.

The matter came up during the consideration of a private pension bill recently, and quite a number of southern men denounced the proposition and declared that under no circumstances would they vote for such a measure. Several claimed that the southern states were taking care of the Confederate veterans and that it was no part of the duty of the federal government to pension them.

The statement was made that 95 per cent of the Confederate veterans are in favor of the proposed legislation. If that is true it would seem that the sentiment in favor of such a measure would soon reach the members of congress from that section.

They Won't Soar.

Congressmen who are determined to put through certain legislation will not be scared by the same bogie men that used to be so effective. The government ownership of railroads in the Alaska railroad bill did not prevent Democrats in numbers from voting for the measure.

Scott Ferris, who is one of several Oklahoma men who do not stand for everything the president wants, told the house that the Alaska bill not only committed the government to a new and untried policy, but that it was extravagant in the extreme. "Tom Reed and his party were swept from power on account of the extravagance of the Fifty-first congress," declared Ferris. That sounded well, but as a matter of fact Reed and his party went out on account of the McKinley tariff bill.

Making Use of Models.

Congressman Bowdler of Ohio has proposed a resolution authorizing the commissioner of patents to loan the old, useless and deteriorating models in possession of the patent office to schools. In these days few models are submitted for patent purposes; nearly everything is presented by drawings. The old models are curious, but just what good they will do the school children is problematical. It would seem to take their minds off their real necessary studies, but that seems to be a popular method in many schools these days.

Taxpayer the Goat.

"We are making the taxpayer the goat on every proposition," declared Congressman Dies of Texas, opposing a pension proposition. "There is a bill to pension mothers. Great God! What could appeal more to you than the aged and decrepit mothers of the land, those who gave birth to and sheltered and nurtured the congressmen?"

"How about old maids?" interjected Barkley of Kentucky, who thought the Texas man was getting too serious.

"Some day the taxpayer will be tired of being the goat," continued Dies, "and he will wake up and make you tremble when you are voting away his money in pensions."

Experts and Practical Men.

Several senators were talking about what the experts had found in Alaska. "I don't take much stock in what experts report on these subjects," said Sen. Clark of Wyoming, who has lived long in the west. "I should prefer reports from practical men who go into the new regions for the purpose of looking for a livelihood, who are working for themselves and who do not go simply as men employed to look at the country and make reports."

He went on to say that the west had been developed by such practical men rather than by experts.

Moore Extends Thanks.

J. Hampton Moore was given time to address the house one afternoon so late in the day that nearly everybody

## WHY GRIP IS DANGEROUS.

It is an Epidemic Catarrhal Fever Caused by a Bacillus that Generally Leaves the Patient Weak After the Acute Stage has Passed.

## Grip Patients Grateful to Peruna, the Expectorant Tonic

Do not make the error of regarding grip as an exaggerated cold. There is a big difference between the two. Grip is an epidemic disease that poisons the vital organs. When a person has grip, the air passages are alive with millions of bacilli poisoning the blood. The infected person feels tired and exhausted.

It requires a good tonic laxative to keep the body of the patient as strong as possible to counteract the effect of the poisons created by the grip bacillus. An expectorant tonic with some laxative qualities is the safest remedy. Such is Peruna. Beware especially of coal tar powders or tablets because they lessen the vitality of the patient.

There is no specific for grip. Peruna has been used with good success in former grip epidemics. Indications point to the return of grip this winter.

Do not fail to read the experience of former grip patients with Peruna.

Pastor's Wife Had Case of Grip.

Rev. George A. E. Troutman, 2318 East Ninth St., Kansas City, Mo., writes: "My wife and I are strong believers in Peruna. My wife was cured from a severe case of la grippe, and we feel that the least we can do is to gratefully acknowledge the merit of Peruna."

Could Get No Relief from Grip.

Mrs. Gentry Gates, 8219 First Ave., East Lake, Ala., writes: "I had a bad case of la grippe. I tried several kinds of medicine, but would get no relief. I tried Peruna, and it cured me. I can safely say that it is a fine medicine. I have used it in our family often and find it to be good."

Took Peruna for Attack of Grip.

Mrs. Charles E. Wells, Sr., 230 South St., Delaware, Ohio, writes: "After a severe attack of la grippe I took Peruna and found it a good tonic."

## Quick Way to Make Ugly Hairs Vanish

(The Modern Beauty.)

Here is a quick and very effective treatment for banishing objectionable hairs or fuzz: Mix a stiff paste with a little powdered delatone and water and apply to the hairy surface for about 2 or 3 minutes, then rub off and with it will come every trace of hair. Washing the skin to remove the remaining paste leaves it firm and free from blemish. Rarely is more than one application required, but results are more positive when the delatone is purchased in an original package.

## —AND THE WORST IS YET TO COME

Many people buy things on the installment payment plan and get them paid for, which they never could have done if they waited to buy for cash. This is because it is easier to meet a definite obligation than to save on general principles. This fact should be borne in mind in planning your savings. Make saving an obligation and a definite one. Determine to accumulate, say \$200. Work to that end. Save as if that were a real debt.

The world-wide standard

## Baking Powder

**Absolutely Pure**

Royal Baking Powder is the embodiment of all the excellence possible to be attained in the highest class baking powder and its use is more economical than other leavening agents, because of the superlative quality and absolute wholesomeness of the food it makes.

Cheap baking powders, containing alum, are frequently distributed from door to door, or advertised as pure and wholesome. Such mixtures are not desirable for food ingredients. Most persons have learned to their sorrow that a low price does not always mean economy. This is especially so in a food article. No baking powder can properly be substituted for Royal.

Read the ingredient clause upon the label. If it does not show "Cream of Tartar," don't buy the powder.

Miss Bertha Stevens was hostess to the Investigators club Monday at her home in West Church street.

Quotations, Lines From Favorite Hymns, Hymns and Hymn Writers—Mrs. Samuel Sachs.

Stories of Famous Hymns—Mrs. W. H. Weaver.

Magazine Selection—Mrs. A. B. Long.

Critic—Mrs. Otis Morse.

The papers of the afternoon proved very interesting as they were interspersed with Favorite Hymns, sweetly sung by Miss Dorothy Swartz of

Granville, accompanied by Miss Cheney. A few of the favorites were "Jesus, Lover of My Soul," "The Ninety and Nine," "Rock of Ages," "One Sweetly Solemn Thought," and "There is a Green Hill Far Away."

The club adjourned to meet with Mrs. A. B. Long, February 9.

Detrothal cards have been received in Newark telling of the engagement of Mr. George Cass Burke and Miss Effie Dean Thomas of Bayonne, N. J. Miss Thomas is the daughter of Mrs. Daisy Thomas, formerly of this city.

The annual election of officers of the Harmonious club was held at the home of Mrs. Charles Whitehead yesterday afternoon. After the business session the hostess served a Dutch dinner, which was greatly enjoyed by all.

joyed by all. Mrs. Melick was a guest of the club.

The next meeting will be February 10, at the home of Mrs. Murray Connolly.

The appointments were exceptionally attractive at a dinner party given on Sunday evening by Miss Florence Daugherty at her home in East Church street, when all the arrangements were in yellow. The table was centered with a basket containing jonquils while amaranth ropes were fastened to the table corners where they were caught with yellow ribbon rosettes. Place cards done in yellow seated the guests. Those from out of the city were Mr. Harry Kennedy of Zanesville and Mr. Jack Farr of Pittsburgh.

The Q. Q. C. club was reorganized on Tuesday evening when a meeting of the old members was held. Formerly a card club the time will now be devoted to needlework. In the reorganization Miss Leona Egan was elected president, and Miss Grace Egan, secretary.

The members present were: Misses Claire Kureth, Edith Kureth, Grace Egan, Josephine Egan, Julia McCarty, Katherine Shaugnessy, Margaret Dwyer, Nana Dwyer, Marie Gilbert, Edna Streit, Mary Balzer, and Leona Egan.

The club will meet on Tuesday night with Miss Margaret Dwyer in North Fourth street.

The regular meeting of the Tuesday Afternoon Bridge club was held at the home of Mrs. U. W. Miller in Hudson avenue on the club day. The game was abandoned for the day and a talk was given by Mrs. Condong of Mt. Vernon, on the playing of auction and on rules governing the game.

Mrs. Tom Jones and Mrs. Chris Herman have issued invitations for a bridge party to be given at the home of Mrs. Jones in East Main street on Friday afternoon.

On Saturday afternoon Miss Lattin of Massachusetts will be honored by her sister, Mrs. Robert Davidson, who will entertain at her Hudson avenue home with bridge.

Forty couples enjoyed the delightful dance given on Tuesday evening by the Masonic Social club in Assembly Hall. The dance program was furnished by Reynolds' orchestra and supper was served in the balcony.

### Obituary

**Funeral of Mrs. Ella Trimble.**

The funeral of Mrs. Ella Trimble, whose death occurred Tuesday afternoon in the Newark sanitarium following a surgical operation last Sunday, will be held Friday afternoon at 2 o'clock in the Seventh Day Adventist church, in North Sixth street. Interment will be made in Cedar Hill cemetery.

Mrs. Trimble had been in ill health for several months, and was taken to the sanitarium Saturday afternoon. She was born in Winchester, Ky., and twelve years ago was married to A. P. Trimble. They removed to Zanesville and after six months' residence there they came to Newark, ten years ago. Besides the husband, Mrs. Trimble is survived by an eight-year-old daughter, Catherine. She was a member of the Seventh Day Adventist church of Newark. Mr. Trimble has been engaged in the plumbing business here for several years.

Four brothers and four sisters of the deceased are surviving.

**Mr. Gilbert Wheeler.**

Mr. Gilbert Wheeler, a retired farmer, died at his home in St. Louisville, at 1:30 o'clock Wednesday morning, death resulting from pneumonia. He was sixty-eight years old. The deceased is survived by his wife.

The funeral services will be held on Friday afternoon at 1:30 o'clock at the Lutheran church, Rev. Mr. Greenawald officiating. Interment will be made in the Evans cemetery, east of St. Louisville.

**Lionel W. Miller.**

Lionel W. Miller age 75 years, a prominent farmer residing in the Wilkins Run vicinity, died Wednesday morning at 11 o'clock following an illness of complications resulting from an attack of the grip which he suffered about Christmas time. His condition had been very grave for the past two weeks.

Mr. Miller was a native of this county having been born near the farm where his death occurred. He has been one of the substantial farmers of his neighborhood for a half century.

He leaves a wife and six children four sons and two daughters one of the daughters lives at home.

Funeral arrangements will be announced later.

**Carl of Thanks.**

I desire to express my heartfelt thanks to the friends and neighbors for their kindness and sympathy in my sad bereavement in the sickness and death of my dear husband, also Rev. Cox for his consoling words, the choir for the music, the G. A. R. and friends for the beautiful floral offerings.

MRS. DAWSON VANWINKLE.

(Cincinnati, Feb. 4.—Thinking he had killed his wife, John W. Jones, a structural iron worker, jumped from a third story window of his home here today and was instantly killed.

The wife, Mrs. Maggie Jones, is in a hospital with many wounds on her head. These were inflicted by Jones with a hatchet, following a quarrel between the two. Physicians say Mrs. Jones will recover.

### Old Modes Suggested in New Frocks.

Long time ago they wore panniers and polonaises; today there is a quaint suggestion of these old-fashioned modes in the dressy afternoon and dancing frocks that the spring is innovating.

There is fluff upon fluff, and puff upon puff, until the fashionably enlarged hip line might assume immense proportions were it not for the manufactured nowadays for the express purpose of dragging the undulations that would overlay the old marble gods of fashion.

Here the Roman pink pussy-willow laces embrace the bustle and the softness, with the ultra shadowy shadow lace neck and the shyness that is essential in every modish frock.

## ACID STOMACHS ARE DANGEROUS

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which is a condition of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisulphated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be to treat a man who stepped on a tack to rub liniment on the foot without first removing the tack. It removes the tack and the foot will heal itself. He says that the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the cause of the trouble, the acidity, remains. He says that the acidity, and there will be no need for medicine, and the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisulphated magnesia from a druggist and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases. ## BAD MEN FROM MOUNTAINS KILL CITY PATROLMAN

(Associated Press Telegram)  
Waynesboro, Pa., Feb. 4.—Abram Barnes and his younger brother, William "bad men," came to town last night from their home in the mountains near the Maryland line, filled themselves with liquor and proceeded to terrorize this village. Day Walt, a policeman, ordered them to leave and in a subsequent altercation with Walt and the chief of police, the brothers opened fire. One bullet killed Day Walt. Another wounded Miss Susan McGrath, a bystander.  
The men escaped but a posse headed by Sheriff Walker and Curtis A. Davies, a state policeman, went to their home in the forest. They arrived after midnight and were greeted with a shower of bullets. The posse retreated to Waynesboro and started out again at daylight. The outlaws meanwhile had gone into hiding. Approaching the Barnes home the men hunters saw Rose Barnes, sister of the boys, driving buggy in the direction of the hiding place.  
Trooper Davies got into the vehicle and ordered the girl to drive ahead. When the team reached the hiding place the Barnes boys came running out. Davies leveled his gun at the elder Barnes and ordered him to throw up his hands. Barnes started to run and Davies fired, the load entering his side. Barnes fell mortally wounded. In the meantime the posse captured William Barnes. The wounded man made a statement admitting killing the policeman.

# This Ought to Answer Many Questions About Advocate

## BOOKLOVERS' CONTEST

WHAT IS IT ANYWAY?

CAN ANYBODY COMPETE?

HOW MUCH TO ENTER?

WHEN DOES IT BEGIN?

WHAT ARE THE PRIZES?

WHAT ARE THE RULES?

DO I HAVE TO SUBSCRIBE?

Putting it in the plainest words, The Booklovers' Contest of The Newark Advocate is a **PROFITABLE PASTIME**. It asks nothing of anybody, beyond a little time, a little study, and filling out seventy coupons. Those coupons will be printed day by day in this newspaper. Each one will be accompanied by a picture. Each picture will suggest the title of some book. The contestant simply connects the title with the picture, and writes it in the coupon, together with the name of author. After the 70 pictures are printed, the coupons (with their pictures) are to be sent to us. Then a long list of valuable prizes (100 of them) will be divided among those whose answers were nearest to correct. **THAT'S** what The Booklovers' Contest is, briefly told.

### Anybody In This Region Eligible

Young or old, rich or poor, men, women or children—any one and every one—is welcome to try for a prize in the Booklovers' Contest, PROVIDED ONLY that the contestant observes the rules and lives either in LICKING, KNOX, COSHOCTON, MUSKINGUM, PERRY, FRANKLIN, FAIRFIELD OR DELAWARE COUNTIES, OHIO. BUT NOBODY CONNECTED WITH THIS NEWSPAPER can be a contestant; neither can any member of the family of any employee of the Advocate. Prize winners will be required to sign a statement that they are not connected with any employee of the Advocate. They will also be required to prove their residence and their identity before receiving their prizes.

### No Fees of Any Kind Required

Not one solitary cent, in any form or fashion, does any Booklovers' Contest competitor have to spend as an entry fee or to stand a chance to win the first prize or any other prize. The man who buys the paper from a newsboy can compete on equal terms with our oldest subscriber. There are no restrictions whatsoever outside of the easy conditions set forth by the rules. Let it be plainly understood, then, that **THERE IS NOTHING TO PAY** in order to enter this contest.

### Watch These Columns For Date

Certain plans are under way to make this Booklovers' Contest an event even bigger than our first outline of it showed. These plans are nearly completed. Any day may find them entirely settled. That same day the contest will be made in this newspaper of the start of the contest. Little remains to be done to make the contest the greatest free distribution of valuable awards ever held, or likely to be held, in this county. You will have due notice of the start of the Booklovers' Contest; if you will simply watch this newspaper's columns from day to day. Even if you do not start with the others, you can begin at any time afterwards while the contest is going on—**IF YOU CAN GET ALL THE COUPONS**. Better begin at the start. That will be soon.

### Biggest Prize List City Ever Knew

The complete Prize List is not as yet arranged. Let it suffice just now to say modestly and with restraint, that these prizes will be very numerous and very well worth winning. The prizes, numbering one hundred, are worth \$3000.00. The first prize is \$500.00 cash. See a large number of the prizes mentioned briefly on this page.

### Conditions Are Simple and Easy

Every contestant will be told, day by day, over and over again, exactly what is demanded by the few and simple rules that govern the Booklovers' Contest. Subscriber and non-subscriber alike will share impartially in the rewards for keen wits and sharp eyes. Each contestant will be dealt with on the merits of the answers submitted. Every day the contest continues the rules will be printed with the picture and its coupon, so that nobody can possibly misunderstand the plain and simple conditions. Read the paper and the rules will speak for themselves. If in doubt, ask the Contest Editor by mail or phone.

### Any Reader of the Paper Can Try

As has been said so often in the announcements of the Booklovers' Contest, **NOBODY IS REQUIRED TO SUBSCRIBE TO THIS NEWSPAPER** in order to share in the splendid opportunities the contest offers. For many, and especially for those who live outside of the carrier service limits of the Advocate, a subscription for three months is the cheapest and **SUREST** way to make certain of getting all the 70 coupons. But nobody **HAS** to subscribe in order to compete. For any further details, read the rules, ask the Contest Editor, or watch the columns of

## SOME OF THE PRIZES OFFERED BY THE ADVOCATE

The prizes offered in the Advocate's Booklovers' Contest, about to start, number 100. They have a value of over Three Thousand Dollars. The prizes have not as yet been numbered or arranged in their order, but so many inquiries are coming to this office the Advocate has consented to announce that among the many splendid prizes that will be awarded will be the following:

## U. S. TROOPS

(Continued from Page One.) "executions" of the two American citizens and the escape of the third. "On the banks of the river near Mexcala," the report is said to read, "the officers completed their duty, their only mistake being that they did not make sure all three men were dead."

Salinas and A. M. Pencia, formerly Mexican customs officers at Mexcala, were arrested last week for stealing some papers on the American side of the line. These papers, it is said, proved to be the records of the execution, which had been obtained by another Mexican.

## PRECAUTIONS ARE TAKEN TO GUARD THE AMERICANS

(ASSOCIATED PRESS TELEGRAM) Mexico, Feb. 4.—The raising of the embargo on arms by the United States brought down columns of newspaper malediction on the head of President Wilson today. The city, however, gives no evidence toward hostilities to American citizens.

Police patrols were doubled during the night as a precaution but today there was no sign of apprehension on the part of the Mexican authorities that disorders would occur.

An article in the El Paris says: "The humanitarianism of President Wilson has been put aside to make way for mercantilism. The worthy Yankee believes that everything in life should be reduced to dollars and cents. He could not bear to see such a propitious opportunity pass without profiting to give it what he surely believes to be a decisive blow. To accumulate in our territory the elements of destruction is a labor which will soon facilitate American meddling with our affairs. "It is the first step of the Yankees toward our frontier. Afterwards will come intervention. The phantom grows more distinct beyond the Rio Grande." El Paris then calls on the Mex-

## ROBBED 6 DAYS IN WEEK; WENT TO CHURCH SUNDAY

(ASSOCIATED PRESS TELEGRAM) New York, Feb. 4.—Following burglary as a business six days a week, attending church services on Sunday and throwing away religious trinkets which they stole because it was opposed to their scruples to sell such articles, Charles and Gustave Recke, brothers, today continued to point out to detectives the victims of their many operations in Brooklyn.

Charles, who is 21 years old, was charged by two detectives yesterday as an ex-burglar, who claimed to have reformed after serving a term in the Elmira reformatory.

With Charles at the time was his brother, Gustave, 19. The detectives followed the pair and saw them enter several apartment houses, in one where they began work on a door with a false key. They were arrested after a fight.

To the police the brothers confessed to having committed one robbery daily for six months, except on Sunday.

"Why not on Sunday," the older brother was asked.

"Because, Sunday is a day of rest and we attend church. And we were decent in other ways, too," Charles added. "After we'd break into a house and find we had taken gold crosses and rosary beads and other religious things we'd always throw 'em away. It would be wicked to sell 'em."

## WILL URGE

(Continued from Page One.) to consider the Vanderheide flood protection bill, and was expected to pass it today.

Senator Weygant proposed to substitute his bill, which provides district but not county supervision, just before the bill went to final vote in an attempt to defeat the "double-headed" supervision feature, but the senate voted 21 to 9 against the substitute. Senators Potting, Weygant and Dollison, Democrats, joined with the six Republicans in supporting the amendment to substitute the bill.

Five Democratic senators, Beckett, Cook, Potting, Weygant and Zmunt, voted with the Republicans for Senator Moore's second amendment seeking to let counties reject the county or district supervision measure after the bill went into effect, if a majority of electors in a county or district voted against it.

Senator Broadstone declared he believed the figures showing saving to be affected by the supervision system, as compiled by the school survey commission, were "juggled" and that the actual saving will not be \$300,000 or more as has been claimed. When the final vote came on the Lowry bill, Senator Weygant voted for it.

(ASSOCIATED PRESS TELEGRAM) Columbus, Feb. 4.—At the executive office this morning it was stated that Governor Cox would send a message to the legislature urging legislation that would permit the transfer of funds in county treasuries to provide pensions for the blind. There was a probability that recommendation also would be made that the same legislation be made applicable to mothers' pensions so as to make them available soon.

The legislature will finish its work tomorrow and adjourn until next Wednesday when the finishing touches will be put on the work of the special session, according to the plan announced today by Speaker Charles L. Swain, of the House. The announcement was made after the speaker had conferred with President Greenland of the Senate.

The House will be able to finish its work today, Speaker Swain said, but it will be necessary for that branch to hold a session tomorrow to dispose of some measures that will be sent over from the Senate. All of the bills will have been acted upon by both houses by tomorrow night, it is said.

Democratic senators found themselves in the tightest box of the session" as one characterized their position, before the Senate convened this morning to resume action on the Lowry school supervision bill, with the amendment proposed by Senator Moore of Jefferson county to allow counties and districts to decide by referendum vote whether they will accept school supervision.

Indications were that several Democrats would join the Republicans in voting for the amendment but Senate leaders thought it would be defeated. Senator Moore, author of the amendment, declared he favors the supervision plan, but does not believe in thrusting it on the people in localities where the system will be unpopular. The Green miners' pay bill in the House and the Vanderheide flood protection bill in the Senate are the two principal measures before the legislature today for final action. Both probably will pass the houses. The Senate also may vote to reconsider several amendments incorporated in the Lowry supervision bill yesterday, and defeat them. Senator Hudson's amendment providing that county superintendents and district superintendents should form a commission to adopt

## SPRINGFIELD'S RED LIGHT DISTRICT TO CLOSE TOMORROW

(ASSOCIATED PRESS TELEGRAM) Springfield, O., Feb. 4.—Nearly one hundred girls are affected by an order issued today by City Manager Charles E. Ashburner that the red light district of the city be closed at midnight Thursday. In his order, the manager says that he will help any of the girls who desire to lead honorable lives and who call on him for aid. Springfield's "Book of Shame", a record kept by the police department containing names and data, has been turned over to Ashburner and will be placed under lock and key. At midnight Thursday finis will be written in it. This is one of the steps of the new city administration in an effort to make Springfield an ideal city. The commission-manager form of government is now in operation here.

## THREE GAMES ARE AWAITING THE BAPTISTS

(Special to the Advocate) Granville, Feb. 4.—The Denison University basketball team left at 1:20 Wednesday afternoon for Delaware to play Ohio Wesleyan this evening. Wesleyan has the same quintet this season as they had last and a close game is expected. The Methodists always put up an exceptionally stiff contest whenever they meet Denison and furnished a hot game when Coach Livingston's five invaded the lair of the Black and Red last year. Although the big Red team triumphed with a 40 to 33 score it was not until after they had exerted themselves to the utmost, so this year Wesleyan will have a double incentive to win the game, first in order to retrieve her prestige which she lost last year, and also to keep her conference percentage as high as possible.

Following the game with Wesleyan Denison will stop over Wednesday night at the Chittenden in Columbus, and on Thursday morning will depart for Dayton where St. Mary's college will be played in the evening. The Saints have a pretty fair basketball team and the game will be interesting beyond all doubt. The team will make the Phillips house in Dayton their headquarters during their stay in the Gem city on Thursday and Friday evenings, as the team will play the Xenia Bradles at Xenia on Friday night, and will return to Dayton after the game.

## NEWTON CHAPEL.

Protracted meeting began at Newton Chapel last Monday evening. Guy Claggett of Dayton is spending a few days with Mr. and Mrs. Carl Gieckler. Nelson Wilkin was a Newark visitor Saturday. Mrs. Mary Jane Wilkin is improving slowly. Herbert Hogle was a Newark visitor Tuesday.

The Newton Gun club met at Wilkins Corners Thursday. The contest was won by the side under Ray Wilson, the score being 185 to 181.

## MARRIAGE LICENSES.

## Old Dominion Liner Monroe, Sunk with 41, and Captain Johnson.

Forty-one persons were lost when the Old Dominion liner Monroe, said to be the staunchest vessel of the company, went down off the Winter Lighthouse on the Virginia coast. She was rammed by the smaller steamer Nantucket of the Merchants and Miners Steamship company. The Monroe was on her way from Norfolk to New York, while Nantucket was headed from Boston to Baltimore. The vessel went down during a blizzard, Captain Johnson, going very slowly, had brought her to a standstill when he heard signals from the Nantucket. While both vessels were exchanging signals they struck. The accident will result in an investigation by the Department of Commerce. One has already been ordered, and it will be conducted by the Bureau of Navigation and the Steamboat Inspection Service.
